Youth Justice System Data Dashboards

Office of Justice Research and Performance
and the Office of Youth Justice

OCTOBER 1, 2025

Overview

- OJRP developed two juvenile justice system data dashboards
 - Youth Justice Indicators
 - Racial and Ethnicity Disparities in the Juvenile Justice System
- Goal of data dashboards
 - Increase availability of data – both depth and breadth
 - Provide data in multiple formats for different audiences
 - Support training in the field
 - Support funding requests
- Use technology to increase efficiency and be able to do **more!**
- OJRP has presented these dashboards to other state agencies, probation departments and funded partners
